His Holiness the Dalai Lama's 85th birth anniversary poster/TIPA

ITCO, July 5, New Delhi: The Core Group for Tibetan Cause - India released a message on the 85th Birthday Anniversary of His Holiness the Dalai Lama. Shri R. K. Khrimey, National Convener, CGTC - I in the message wrote that as I draw the honor and privilege to write this letter that 3 days from now, 84 years before, a child was born in a hamlet of Taktser in Amdo province (today referred as Qinghai province; Chinese labeled territory), was then later recognized as reincarnation of the 13th Dalai Lama. At the age of 15 His Holiness shouldered political leadership; given the grim situation inside Tibet and at the age of 25 His Holiness was forced to escape out of his homeland. He lost everything but he didn't give up his hope in truth against injustice and trust in India's shelter. After 60 years in exile, His Holiness is loved and respected by millions across the globe, regarded as union of Buddhism and Science, thesaurus of individuality and universality, most important of all, accorded as torchbearer of India's Nalanda tradition representing diversity and unity. At this auspicious occasion of His Holiness the

Dalai Lama's 85th Birth Anniversary, mentioning about few drops from the ocean of His Holiness wisdom and knowledge, I on behalf of Core Group for Tibetan Cause - India wishes His Holiness the Dalai Lama - A Very Happy and Healthy Birthday. Taking this opportunity, may I also pray that His Holiness may continuously shower his compassion and guidance upon us for many more years to come. Last but not least, I request all the members to kindly engage in any of events or programs, no matter big or small on 6th July 2020 that may convey the message of Ahimsa and Sadhana - a core element of His Holiness the Dalai Lama's approach.

Herbertpur, Dehradun**

ITCO, Sept 1, Dehradun: As Dehradun remains a transit point for Mussoorie where His Holiness the Dalai Lama was formally welcomed by the then Prime Minister, late Pandit Jawaharlal Nehru on 24th April 1959 at Birla Bhawan similarly Herbertpur - Doeguyugyaling (official Tibetan name) remains a residential place for many ex-servicemen. Mr. Tsultrim Dorjee & Mr. Jigme Tsultrim presenting “Thank You India” book to Sh. Sarvajya Gupta

Gupta, during his lifetime, served as President, ITFS, Herbertpur and actively participated in many of the programs initiated by Tibetan communities, be it Tibetan Women’s Association or Tibetan Youth Congress, apart from his own association. After his passing away on 8th September 2014, the activities declined partially due to lax approach from both the communities. Sensing its importance, the delegation met with Sh. Sarvajya Gupta, son of late Badri Prasad Gupta, who sustains his legacy and looking after the business of Badri Rice Mills, one of the popular rice mills of that region. The coordinator briefed him about the inception and objectives of ITCO, multi organization – irrespective of ideological differences – but remain affirmed to the persuasion of Tibetan cause. Sh. Mr. Tsultrim Dorjee, Tibetan Welfare Officer, expressed gratitude from his settlement behalf and also shared him about his journey of service for more than 37 years including his recent assignment to Herbertpur in November 2019 from Pokhara, Nepal. Mr. Tsultrim urged Sh. Sarvajya to continue the task which his father has left behind till the completion of Tibbat Mukti Sadhana. A token of appreciation with the book of Thank You India was given away by Mr. Tsultrim Dorjee to Sh. Sarvajya Gupta. Mesmerized by the accounts of his father late

Sh. Badri Prasad Gupta, Sh. Sarvajya shared about his educational journey from Vikasnagar to IIT Roorkee where he scored third grade in MSc in Mathematic and soon after he had to take up the business as his father left away for the heavenly abode. He reasserted about the profound contribution that his father has laid towards this cause which makes him and his family pride. Yet he admits through his experience and business tours that very little of Tibetan existence and contribution is known by Indian people. Before the delegation moved on for another program he assured the revival of this flame that shall remain rekindled from this region and elsewhere.
